Progress Update

Ms. Fabiano, PJM, GDECS facilitator, presented several definitions and market clean-up items for a first read at the December 17, 2015 MRC meeting. The definitions and market clean-up items will be presented for a vote at the January 28, 2016 MRC.

At the December 11, 2015 GDECS meeting the PJM legal department and Mr. Adam Keech presented first and second read of corrections and clarifications, both substantive and non-substantive to governing documents on all pending items. The expectation is for all remaining items to go through a second read at the January 22, 2016 GDECS, immediately preceded by a vote via Survey Monkey, while also going through a first read at the January 28, 2016 MRC in order to facilitate a FERC filing by May 1.

With all pending issues resolved it will be possible to allow closure of the Harmonizing Provisions of Governing Documents Issue.
