Reserve Market Enhancements Proposal - Price Formation

Calpine proposes everything in the PJM Proposal: Reserve Market Enhancements, EXCEPT the following reform:

• Transitional mechanism to the RPM Energy and Ancillary Services (E&AS)
Revenue Offset to reflect expected changes in revenues in the determination of
the Net Cost of New Entry

Calpine makes a motion to move the "PJM Proposal: Reserve Market Enhancements," except for the reform on "Transition Mechanism to the RPM Energy and Ancillary Services (E&AS) Revenue Offset."
