

**Resource Adequacy Senior Task Force  
Monthly Progress Report  
4/25/2022**

**Target Completion**

The expected completion date of all work for the RASTF is Q4 2023.

**Progress Update**

**Key Work Activity #1 – Procurement of Clean Resource Attributes**

The RASTF voted in support of an issue charge to create the Clean Attribute Procurement Senior Task Force. A first read of the issue charge was presented at the March 23, 2022 MRC meeting and the MRC will be asked to endorse the issue charge at the April meeting.

**Key Work Activity #2 – Reliability Risks and Drivers**

The RASTF has had education, heard stakeholder perspectives, and begun interest identification on this item. The RASTF expects to continue interest identification and ask for any solution options on this topic at the meeting on May 6, 2022.

**Key Work Activity #3 – Procurement Metric and Level**

The RASTF has had education and heard stakeholder perspectives on this item. The RASTF expects to continue interest identification on this topic at the May 6, 2022, meeting.

**Key Work Activity #4 – Performance Assessment**

Education has begun on this topic and will continue at the upcoming meeting on May 6, 2022.

**Key Work Activity #5 - Qualification and Accreditation**

Education has begun on this topic and will continue at the upcoming meeting on May 6, 2022.

**Key Work Activity #6 – Obligations of Capacity Resources**

Education has begun on this topic and will continue at the upcoming meeting on May 6, 2022.

**Key Work Activity #9 – Supply-side Market Power Mitigation Rules**

Packages are being developed for the Market Seller Offer Cap (MSOC) issue as part of the work for Key Work Activity #9. The RASTF will continue its discussion on packages and timing at the upcoming meeting on May 6, 2022.

**Action Requested (if necessary)**

Please submit any packages for the MSOC Matrix (Key Work Activity #9), interests for the Reliability Risks and Drivers (Key Work Activity #2) and interests for the Procurement Level and Metric Matrix (Key Work Activity #3) in advance of the May 6, 2022 meeting.
