

# Reactive Power Compensation Task Force Monthly Progress Report

August 1, 2022

## Reactive Rate Process

### **Target Completion**

The last date communicated as the expected completion date for this task was September 2022.

### **Progress Update**

August 1 meeting:

- Stakeholders requested additional time to review and provide edits to the draft [polling questions](#)
- The current work plan will be reviewed at the September 28 RPCTF since the August 29 meeting was canceled.
- Including the Status Quo, there are currently five proposals being considered.

### **Action Requested**

Stakeholders were asked to review the polling questions and provide feedback for an updated poll to be reviewed at the September 29 RPCTF. Participants should come prepared to discuss these changes prior to PJM sending the final polling questions.
