

# General Updates

As of June 16, 2020

Billing Line Item  
Transfer

Public Key  
Infrastructure  
for OASIS and  
ExSchedule

## Capacity Exchange

- Setting up transactions

## Data Miner 2

- Searching for data in the UI
- What to do when you believe data is missing or wrong
- Overview of how to find specific data elements

- Please send us your feedback on these or other topics
  - Email [TechChangeForum@pjm.com](mailto:TechChangeForum@pjm.com)
- We will have the demonstrations on July 15

Product	Date	Issue
FTR Center	<b>May 20</b>	There was reported slowness with FTR Center. This was resolved by system tuning to boost performance.
Data Miner	<b>May 21</b>	Delay in posting LMPs. This was caused by an issue upstream. Data was available on the operational data page until the issue was resolved.
Markets Gateway	<b>May 28</b>	Delay in posting DA results due to latency in processing. Performance issues with the backend infrastructure were addressed by the vendor to address the issue.

Product	Date	Issue
Data Miner	<b>May 28</b>	<p>There were latency issues with accessing the API. This was resolved by the cloud provider.</p> <p>The Real-Time Marginal Value data needed to be reposted. PJM identified the data issue and reposted the data.</p>
PJM Tools	<b>May 29</b>	<p>Authentication to several PJM Tools was unavailable. This was caused by exhaustion of resources on SSO servers. This was resolved by switching to redundant site.</p>
Markets Gateway	<b>June 2</b>	<p>Day Ahead results were not posted on time. This was caused by long running processes in the system. These processes were tuned and optimized to ensure timely posting of results.</p>

Product	Date	Issue
PJM Now	<b>June 11</b>	The application was unavailable. This was caused by exhaustion of resources in the cloud. A restart of the service restored the application.
PJM Tools	<b>June 11</b>	A storage device issue impacted access to several PJM Tools. The tools were switched over to the redundant site to restore access. This also caused potential loss of Model on Demand, Gen Model and Queue Point data.

	2020	2021	Future
eCredit Refresh			

Start date and duration for these future work efforts are estimated and subject to change
