#### Issue Status

Poll was conducted. Additional Matrix discussions to take place in February.

#### Target Completion

March 2020

#### Progress Update

The MSS has one solution package which received majority support in a January poll. During the January MSS, some additional concerns were raised by members with regards to the data submission and invoice timing. PJM has modified the existing package and the Subcommittee will review at the February 25, 2020 meeting.

#### Action Requested (if necessary)

Review current package, and be prepared for a vote.
