

# Regulation Market Design Monthly Progress Report

9/19/22

## 1. Regulation Market Design

### **Issue Status**

The RMDSTF is currently developing design components and the solution options for the design components.

### **Target Completion**

March 2023

### **Progress Update**

The RMDSTF continued developing solutions options during the August and September meetings. Additional education has been provided based on the work of the RIMSTF.

The October meeting will continue developing solutions options as well as narrowing options as we begin to build packages.

### **Action Requested (if necessary)**

Stakeholders should review the existing matrix to identify any additional solutions options in anticipation of solution option narrowing.
