

Reactive Power Compensation Task Force Monthly Progress Report

December 19, 2022

Reactive Rate Process

Target Completion

The expected completion date for this task force is Q12023 (TBD).

Progress Update

November 29 meeting:

- The December 21, 2021 RPCTF [overview](#), AEP Methodology for Generator Reactive Power Supply Compensation, was provided again for clarity on components of proposal packages
- Stakeholders discussed proposal packages and the updated poll that will be administered.
- There are currently five proposals being considered. One proposal was removed and a new proposal was added since the previous RPCTF meeting held on October 20.

Action Requested

- Stakeholders were asked to complete the updated poll survey from December 5 to December 16. The poll results will be discussed at the January 6, 2023 RPCTF.
