| MRC 1 st read date: | 2/26/2015 |
| MRC voting date: | 3/26/2015 |
| Impacted Manual sections: | |
| New section in Manual 11 - Energy & Ancillary Services Market Operations | |
| Reason for change: | |
| <p>Current rules allow lengthy start and notification time parameters to be entered by market participants, which:</p> <ul style="list-style-type: none"> • Make scheduling more difficult for dispatchers and operations • Make units unavailable for lengthy periods • Confuse the distinction between an outage and reserve shutdown status | |
