

## Item 3: PC Cost Containment

- Remand the whole agenda item including the LS proposal back the PC.
- Direct the PC to take whatever time is required to complete deliberations on all proposals under consideration, conduct a vote according to the rules for voting at standing committees, and bring the result back to the MRC to be placed in the MRC agenda using the rules for structuring voting items sent to the MRC from subordinate committees.
- While deliberations are taking place, the chair of the PC is to report on progress of the item to the MRC at each MRC meeting.
