FPA Section 205 filing supported by PJM

- Similar to ISO-NE process

IROL Critical Resource will notify PJM and IMM of its intent to file 30 days prior filing

Limited to 1 filing per 12 months

FERC approves cost recovery and sets recovery rates

Payments and Charges

- Monthly payments starting the month immediately following issuance of the Commission Order approving the IROL-CIP Costs for recovery
- Invoiced monthly where total CIP monthly payments to IROL Critical Resource will be allocated to network service customers and point to point reservations by average monthly RTO-wide MWH Load share of RTO Load and interchange

PJM Tariff Schedule for IROL/CIP Service

- Similar to PJM Black Start cost recovery

IROL CIP Critical Resource Owner must notify PJM intent to recover costs within 1 year of Effective Date

- Effective Date is date of notification to Critical Resource change in status

No filing required but only 1 request for cost recovery per 12 months

PJM identifies resources as a IROL Critical Resource, qualifying resource submits all capital and recurring costs to IMM/PJM for review and approval

- Costs submitted to IMM/PJM
- IMM/PJM review for eligibility

Payments and Charges

- PJM will make monthly payments starting the month immediately following confirmation of eligibility from IMM/PJM review approving the IROL-CIP Costs for recovery.
- Charges the same as Package A (RTO-wide)
