

Order 1000 Lessons Learned

Suzanne Glatz
Infrastructure Coordination
Planning Committee
March 10, 2016

- Update on prior initiatives
 - Design Entity Standards Task Force – in progress
 - Voltage Threshold – Endorsed by MC February 25, 2016
- Next Steps
 - PJM requested input for topics for next phase for Order 1000 process improvement.
 - Focus meeting was held on Feb 23

Topics discussed:

- RFPs - Discussed potential addition of details
 - Provide information on facility near limits
 - Provide information when violation is limited by terminal equipment
 - Development of a spreadsheet for cost proposal data
- Evaluation of alternatives – Technical/Cost/Constructability
 - Market Efficiency – Need more clarity on criteria/evaluation process
 - PJM alternatives – Changes to alternatives vs new alternative
- Cost Analysis
- Process Documentation - PJM manual is under development!
