

Planning Community

Monica Burkett, Sr. Lead Knowledge
Management Consultant

Transmission Expansion Advisory
Committee

October 5, 2021

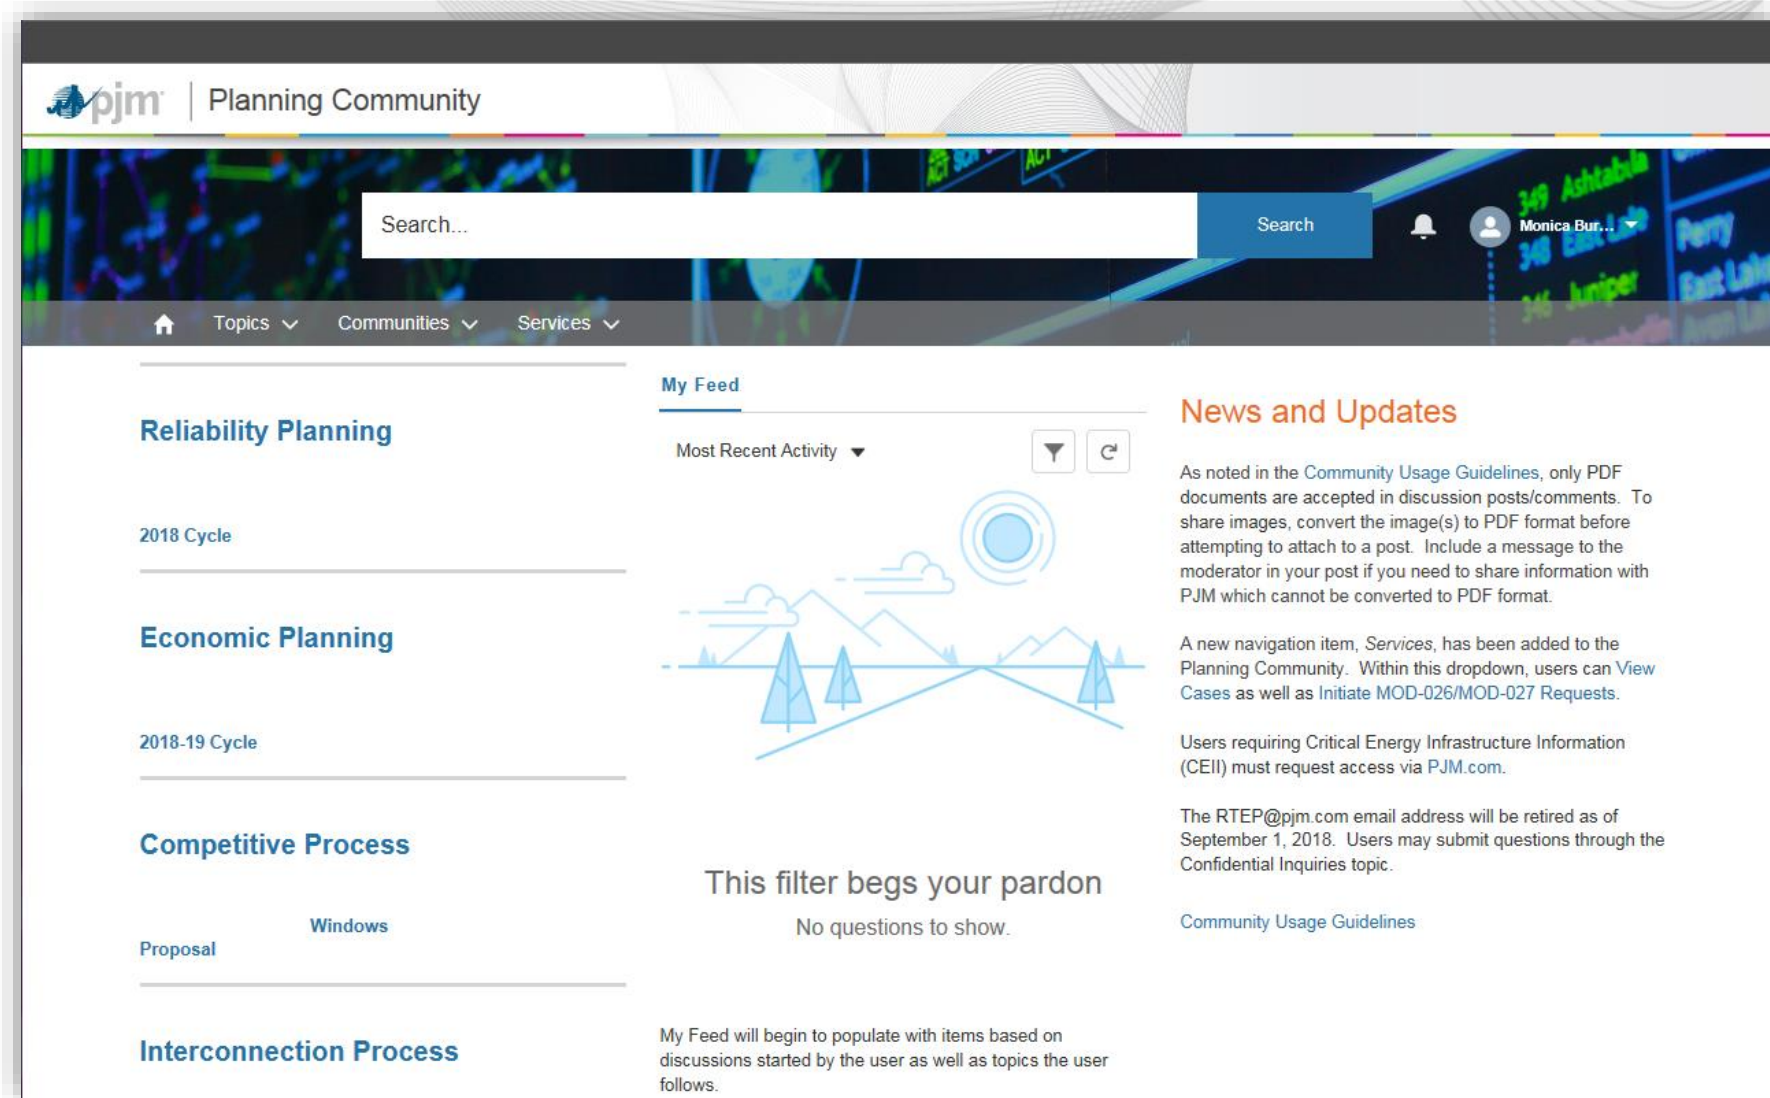

Action Required	Deadline	Who May Be Affected
Community image updates (awareness only)	09/22/2021	Planning Community Users
		

The [Planning Community](#) will allow Transmission and Generation Owners to find information and collaborate with other users and PJM subject matter experts about Planning initiatives, proposal windows and process questions. Discussions are based on Planning topics.

Key Product Features

- Moderated discussion boards
- Research topics quickly and easily
- Submit questions, issues and requests to PJM
- Initiate MOD-026/027 service requests

- Based on feedback
 - “Make Communities look different so that you can differentiate which one you are on”
- Update to main image on Planning Community
- Production Go-Live: September 22

The screenshot shows the PJM Planning Community website interface. At the top left is the PJM logo and the text "Planning Community". A search bar is located in the center of the top navigation bar, with a "Search" button to its right. To the right of the search bar are a notification bell icon and a user profile icon for "Monica Bur...". Below the search bar is a navigation menu with "Topics", "Communities", and "Services" dropdowns. The main content area is divided into three columns. The left column contains four sections: "Reliability Planning" (with a "2018 Cycle" sub-section), "Economic Planning" (with a "2018-19 Cycle" sub-section), "Competitive Process" (with a "Proposal" sub-section and a "Windows" button), and "Interconnection Process". The middle column is titled "My Feed" and shows a filter set to "Most Recent Activity". Below the filter is a landscape illustration with mountains, trees, and a sun. A message reads: "This filter begs your pardon. No questions to show." At the bottom of this column, a note states: "My Feed will begin to populate with items based on discussions started by the user as well as topics the user follows." The right column is titled "News and Updates" and contains three news items: 1) A notice about PDF document acceptance in discussion posts. 2) A notice about a new "Services" navigation item. 3) A notice about the retirement of the RTEP@pjm.com email address. A "Community Usage Guidelines" link is at the bottom of this column.

Submit Feedback

News and Updates

The Planning Community is now allowing all file types to be submitted in discussions. The files are still subject to moderation, so please use discretion before attaching files. Neither executable files nor CEII will be posted. Please consult the [Community Usage Guidelines](#) for additional information.

Users requiring Critical Energy Infrastructure Information (CEII) must request access via [PJM.com](#).

[Community Usage Guidelines](#)

Nothing to see here

This view doesn't have any content. Try another filter, and see what pops up.

My Feed will begin to populate with items based on discussions started by the user as well as topics the user follows.

Registration Format

- Request access to secure area via [tool page](#) on [pjm.com](#)

Username Limitation

- Users with multiple usernames must choose one username
- Access to communities is based on the contact and not their company so requesting access to multiple usernames is not permitted
- User must be logged in to PJM.com with the username they would like to access the community with when requesting access

User Access

- PJM Members requesting access to any community are automatically granted access to all communities by default
- Non-members will only be granted access to the community they requested
