eDART (DART) Refresh

Next eDART Release

Train: Dec 16

Production: Jan 20

Legend
- Start Date
- End Date

Tech Change Community

- eDART Forum is on Dec 14, 2020.
  - We will be discussing RRC updates, implementation of Nuclear Bus Voltage Limits, as well as other enhancements.

- eDART XML Forum on Dec 14, 2020 has been canceled.
  - We will reschedule as we approach the end of Phase 1 of the eDART Browserless refresh.

With the eDART refresh, management of eDART accounts will be migrated to Account Manager.
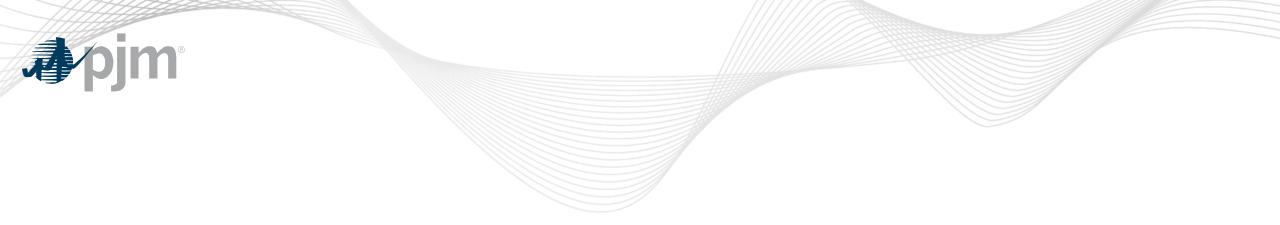

In preparation for that:

- Use Account Manager User ID for new eDART account requests.

- Update email addresses for existing accounts.

- Clean up dormant and invalid accounts.

Browserless

- Phase 1: PJM Command Line Interface (CLI) Integration

- Phase 2: New browserless functionality (Q1 & Q2 2021)

  – Refreshed endpoints and new functionality will be delivered incrementally

- Parallel Production/Training (Nov 2020 through Q4 2021)

- Production "Go-Live" (Q4 2021)

  – Retire filetransfer jar file

Product Details

eDART (electronic Dispatcher Application and Reporting Tool) is suite of electronic applications used to facilitate dispatcher-to-dispatcher communications, along with other engineering communication and coordination functions.
