- Member Management Community
- Annual Recertification

March Demonstrations

- Member Community
- Refreshed Community

- If there are any demonstrations you would like to see please email TechChangeForum@pjm.com
- We will provide March demonstrations on March 15

Product(s)	Date	Issue
Power Meter	January 26	Some users unable to submit files after a power meter change. The change impact was communicated during the Tech Change Forum but details were omitted during outage communication.
Data Miner	February 3	PJM was late in posting the Real-Time LMPs for February 2 due to an issue with congestion calculations during manual dispatch period in effect on February 2.

Product(s)	Date	Issue
Several Tools	February 9, 10	Several users had intermittent issues using our browserless single sign on solution. This was caused by already constrained resources that became non-performant during the peak period of markets submissions. PJM reallocated resources to resolve the issue. We are working to improve communication processes around extensions to markets deadlines due to issues such as this.

Product(s)	Date	Issue
PJM.com	Ongoing	<p>Some users have reported issues with registering for meetings. This is due to a technical issue with authentication on PJM.com that was communicated back in December 2020. The solution is to logout and log back into the site to resolve the issue.</p> <p>If you are experiencing slowness with the website, please report it to the PJM hotline.</p>
