## Purpose

- Enable Transmission Owners to submit non-competitive baseline projects and supplemental projects.

## Features

- Integrate the lifecycle of projects between the portal, internal analysis, and presentations at Sub-regional Regional Transmission Expansion Plan (SRRTEP) and Transmission Expansion Advisory Committee (TEAC) meetings as well as tracking progress.
- Allow elements to transition to Board presentations for approval, board whitepaper and RTEP book development.

## Additional Features/Benefits

- Eliminate current project submission through emails, manual entry and tracking efforts, human errors with manual tracking and input.
- Automate tracking of project information, models and study status.
- Provide real-time status of projects to Transmission Owners and PJM users.

- Deploy functionality to submit non-competitive baseline projects in Train and Production environments – Q2 2022
- Deploy functionality to submit supplemental projects in Train and Production environments – Q2 2023
