Legend

- Start Date
- ◆ End Date

- Access will expire:
 - 2 years after granted for non-members
 - 3 years after granted for members and PJM staff
- Notification will be sent before access expires

Area	Action Required
PJM.com secure areas requiring access approval, as well as potentially CEII authorization	Use the renew option to keep access

Renewing Secure Area Access

1. Email reminder sent before expiration

Account Updates

Hello Tawnya,

Your access to **My PJM User Interface Standards** secure area will **expire** on December 12, 2021. To renew your access, visit the secure area linked on the page below, sign in with your account gought1212 and click *Renew Now*.

<https://www.pjm.com/mypjm.aspx>

Questions?
Contact PJM Customer Service at 1 (866) 400-8980 for additional

2. Click *Renew Now* on secure page

Home > About PJM > User Interface Standards

Access expires in 1 day. [Renew Now](#)

User Interface Standards

This section of the website provides user interface standards for development, testing and maintenance of the following PJM websites and tools:

3. Click *Request Access* button

Home > Sign In to My PJM > Request Access

Request Access

The page you have requested requires additional access that you do not currently have. Click the Request Access button below to proceed with requesting the access. Certain access may be granted automatically, but other access may require additional steps. You will be contacted via email or phone if additional information is required to complete these steps. If you request access to a secure area and are granted the access, you have to sign back out and sign in in order for the access to show up.

- Marginal emissions data is available.
- Hourly emissions will be added in Q1 2023.

[Home](#) > [Markets & Operations](#) > [Emissions](#)

Emissions

PJM's marginal emissions graph reflects the marginal emissions rates of carbon dioxide (CO₂), nitrogen oxides (NO_x) and sulfur dioxide (SO₂). The marginal emissions are the emissions caused by producing the last megawatt of energy on the system. Any variations in dispatch patterns to ensure system-wide reliability may change the set of marginal units. Therefore, a significant change in dispatch could shift the marginal generating unit, and thus, the marginal emission rates accordingly.

This information is based on annually reported average data from electric generators within the PJM footprint. PJM does not receive real-time emissions data from plants.

Marginal Emissions for PJM-RTO

As of 4:05 p.m. EPT

2 hours 4 hours 8 hours 12 hours

- Data Viewer will be redesigned to improve the mobile experience and improve customization.
- DataSnapshot.pjm.com retiring at the end of Q2 2023

- Improvements to help narrow down content more accurately and quickly across:
 - PJM.com
 - PJM agreements
 - Learning Center
 - PJM-EIS.com
