

Networks Roadmap

As of November 8, 2024
Keith Rainer
Network Infrastructure

- External Wildcard Certificate Updates
- Upcoming Network Maintenance

- The first two working sessions with PJM SME's were held Sept. 26 and Oct 23. The detailed process for adding the certificate was reviewed and questions were answered.
- Replacement dates have been established. The train certificate is scheduled for Nov. 19. The final production certificate replacement will occur Dec. 3.

The intermediate/root certificates remain available. Reminder to have it **appended** to the existing certificates in the SSL Trust store. The current certificates should **not** be replaced at this time.
