

Proposed Draft Manual Language for Package B

- Manual 14G, Section 2.2

Attachment Y **screens** are only applicable to a FERC jurisdictional interconnection (refer to section 1.4). If an Attachment Y is received for an interconnection that is determined to be non-FERC jurisdictional, the Tariff processes cannot be used for interconnecting the proposed facilities, and the Tariff screens process does not apply. For non-jurisdictional requests, PJM will study for impacts to the Transmission System and, **if there are no impacts**, issue a wholesale market participation agreement **within 90 days of the determination of a valid Interconnection Request**. **If it is determined that there are impacts to the Transmission System, the request will be processed per Section 5.4 of this Manual 14G**. It is up to the customer to meet the non-FERC entity's interconnection requirements.
