

# Order 2222 Operational Requirements

Madalyn Beban, Engineer

DIRS – EDC Coordination Workshop  
November 24, 2020

- Want to discuss **prospective requirements** to support operations
  - Compliance Directives **6 – 8**
- Possible initial requirements from PJM
  - Aggregated data to align with Manual 14D Section 4.2.2
  - Data from aggregator → EDC → TO → PJM
  - Market signals sent by Dispatch through Jetstream to aggregator
    - <https://www.pjm.com/markets-and-operations/etools/jetstream.aspx>

- **Open discussion format**
- **Seeking feedback on EDC needs**
  - Same telemetry as PJM—or additional?
  - Status—of individual units or aggregates?
  - Forecast—DA schedule from PJM?
  - Local reliability—what do EDCs need to handle local overloads?
