Spring Restoration Drill

Alpa Jani, PJM, reviewed a new process for sending and responding to the Spring Restoration Drill invitation. Invitations were sent via email on Monday, March 19, 2018. Moving forward, PJM will be using its survey tool for a consistent process. If multiple contacts from an entity receive an invitation, only one response is required. A confirmation email will be sent to those who respond, complete with the Drill Communication Packet. Additional information is available in the meeting materials. For questions related to the drill invitation, please contact Alpa.Jani@pjm.com. For questions related to the drill exercise, please contact Joshua.Berckman@pjm.com.

Summer Emergency Procedures Drill

A question was raised about the date for the 2018 Summer Emergency Procedures drill. The drill is scheduled for Monday, May 14, 2018. Members of the DTS expressed a concern about holding the drill on a Monday due to scheduling and workload issues. PJM will review and take into consideration when scheduling future drill dates.

Fall Restoration Drill

A preliminary draft of the Fall Restoration Drill schedule was reviewed. The DTS was reminded to review the schedule and provide PJM with any date or location changes. For questions, please contact Joshua.Berckman@pjm.com.
