

## EDART BROWSERLESS REFRESH UPDATE

- Phase 1 transition to PJMCLI, completed in eDART Training and Production
- Phase 2 minor enhancements and fixes expected to be released in eDART
  - Training - July 1
  - Production July 14
  - Updated XML documents are available at <https://pjm.com/pub/etools/edart/xmldocs/xmldoc.html>
  - Details discussed during May eDART XML Forum.  
Materials available at <https://pjm.com/committees-and-groups/forums/edart-forum.aspx>
- An updated User Guide and training will be provided as needed for each phase (<http://www.pjm.com/pub/etools/edart/xmldocs/dart-browserless-user-guide.pdf>)
- The filetransfer.jar and legacy URLs will be retired in December 2021

## EXTERNAL EDART FILES TO ZIP CONVERSION

- Conversion of eDART files (.txt and .csv) available on pjm.com to zip files
  - Release dates:
    - Training - July 22
    - Production – July 29
  - Files were designed to be read by users but several users are currently using programs to scrape the data.
  - Due to the size of some of the files, users receive only partial files when downloading the files from pjm.com.
  - Conversion to zip files will reduce the data transfer size for users.
  - No changes to the current files links expected.
  - Files are available via the Public Files report in eDART.
    - Information in some of the files also available via XML downloads in eDART.

## OTHER DISCUSSION TOPICS

- eDART Dynamic Line Ratings Enhancements were implemented on May 27.
  - Release notes: <https://pjm.com/markets-and-operations/etools/edart/edart-release-notes>
- Companies interested in using the Company Distributed Workflow (CDW) functionality should contact the eDART team for demo and set up requirements.
