# Comparability of Capacity Resources Survey Results

Capacity Senior Task Force

June 18, 2013

- Please identify the top 1-5 items that your organization would like to see worked at the CSTF. By ranking your company's top items out of the list below, you are indicating the items you would like to see the CSTF prioritize in its work going forward. By not selecting an item, you are placing a lower priority on that item, but you are NOT stating a preference that the item be eliminated from discussion or consideration. You will only be able to rank a maximum of five total items. Within the items you select, a rank of "1" indicates highest importance, and a rank of "5" indicates the lowest priority of the five.

These items taken from the Comparability Matrix, found [here](here)
