

Voting Structure Options

David Anders
Director – Stakeholder Affairs
EGCSTF
October 19, 2023

- Say we have four proposals:
 - A
 - B
 - C
 - D

And A and B are mutually exclusive (meaning they cannot both be implemented), C and D can be implemented independently and/or in combination with any other proposal.

Option 1:

1. A
 2. B
 3. C
 4. D
- Vote on all four proposals separately (“do you support proposal x” and “do you support proposal x over the status quo”)
 - If A and B both get over 50% on both questions, then we rank order them as main and alternate motions at the MRC.
 - If C and/or D get over 50% on both, then they go as independent proposals to the MRC to be voted separately.

Option 2:

1. A
2. B
3. C
4. D
5. A + C
6. A + D
7. A + C + D
8. B + C
9. B + D
10. B + C + D
11. C + D

For each, vote on support and status quo questions. Options that receive over 50% on both questions are rank ordered as main and alternate motions at the MRC.
