

FERC Form No. 715

Part 4- Transmission Planning Reliability Criteria

Essential Power Rock Springs, LLC

Essential Power Rock Springs, LLC (“EPRS”) is a transmission-owning member (“TO”) of PJM Interconnection. As a PJM TO, EPRS adheres to PJM’s established planning criteria.

EPRS is also a registered Transmission Owner (NCR00251) with Reliability First, one of the Regional Entities (“REs”) operating under the direction of the North American Electric Reliability Corporation (“NERC”). As a registered TO, EPRS is expected to comply with all applicable reliability standards developed and enforced by NERC and RF.
