**Re: Update to Submittal for Pre-Qualification for Designated Entity
Status (ID 21-02)**

Mr. Jay Liu:

On July 1, 2021, PJM Interconnection, L.L.C. approved Public Service Enterprise Group Incorporated's ("PSEG") June 10, 2021 application that sought Designated Entity status in PJM for itself, and any subsidiary or affiliate that PSEG may create to pursue competitive transmission development opportunities in PJM. Through this letter, PSEG is updating its application to specifically identify one of the affiliates – PSEG Renewable Transmission LLC – as one of the entities that received approval pursuant to PSEG's application. There are no other material changes to the pre-qualification submittal.

Thank you for your consideration and review of this update. If you have any questions, please contact me at 973-430-7268 or Lathrop.Craig@pseg.com.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "Lathrop Craig", is written over a horizontal line.
